Mobilcard card details

All Mobilcards are issued with a PIN (Personal Identification Number)

Vehicle registration OR Driver Name	Product Restriction Code	Cost Centre (if applicable)	Transaction Limit	Daily Limit	Monthly Limit	PIN (or leave blank to accept random PIN)
A personal card has the drivers name on it and can be used in any Vehicle. A vehicle card has the vehicle registration on it and can only be used in that vehicle	These are the product/purchase restrictions to be applied to this card. See the list below for choices	A cost centre is used to get a summary of purchases by a group of cards. If a further subdivision of the account is required above this a new account for each higher subdivision will need to be opened	The dollar limit per transaction is used as a security feature and should be based on the fuel tank size of the vehicle	A daily dollar limit is an additional security feature useful to reduce loss when the card is in the hands of an unauthorised person	Another control feature which is predominantly used to determine credit exposure	The PIN (Personal Identity Number) can be left blank to accept a random number or a familiar PIN can be used. "None" could be used if no PIN is required, but we recommend against this
